

omnidirectional antenna

# GrandEter 10 6GHz OMNI

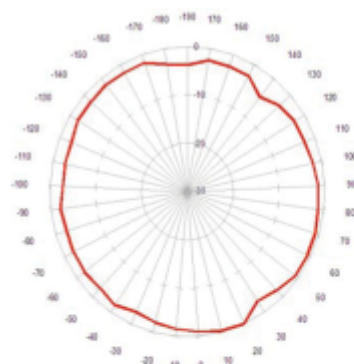

Omnidirectional antenna of vertical polarization and 11,3 dBi gain, designed to work on 5,9 – 6,1 GHz as base antenna.

It has under 11° for vertical beamwidth of 3 dB.

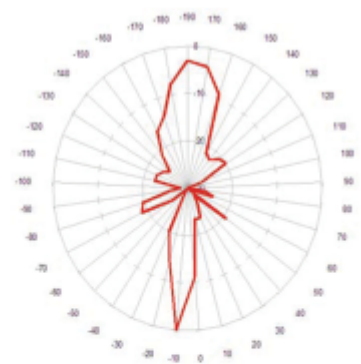

The antenna has closed circuit for DC.

## specifications

Gain  
**11,3 dBi**  
Frequency  
**5900 - 6100 MHz**  
Polarization  
**vertical**  
Backward Radiation  
**n/a**  
Vertical Beamwidth  
**8° for -3 dB**  
VSWR  
**< 1,5**  
Impedance  
**50 Ohm**  
Connector  
**N/Female type**  
Dimensions  
**22/480 mm**  
Mounting Kit  
**diameter 30-50 mm**  
Warranty  
**36 months**
